Faculty & Preceptor Checklist Designed to Enhance the Nurse Practitioner Student's Clinical Experience

In early 2018, the National Organization of Nurse Practitioner Faculties (NONPF) and the American Association of Nurse Practitioners (AANP) collaborated to develop a tool that addressed the inconsistent relationships between NP faculty and clinical preceptors. This tool resulted in the development of guidance checklists that outlined expectations when establishing clinical rotations for NP students. The **Preceptor Expectation Checklist** and the **Faculty Expectation Checklist** include evidence-based suggestions to promote a healthy, ongoing relationship and reduce barriers experienced by the clinical preceptor, NP faculty, or NP student.
